# more ways to help

**Goal: \$142,000**

Stonebriar Missions supports a number of individuals throughout the world who faithfully follow their call to extend God's kingdom. These people play multiple roles and have a wide range of responsibilities. We are encouraged by their efforts and support them financially and through prayer.

### — Missionary Support —

Stonebriar is pleased to provide support through finances, prayer, guidance, and ministry partnership with many outstanding missionaries. They are involved in ministries that are actively seeking to *stand in faith and go in love*. Cost: \$72,000

### — Field Administration —

We have been fortunate to partner with very capable and credible leaders throughout the world. These donations help cover many of the expenses involved in overseas ministry, such as multiple salaries, office facilities, and travel expenses. Cost: \$70,000

## 2011 missions giving guide

stonebriar community church

# stonebriar missions

For many years, Stonebriar Missions has been involved in projects in India, Lebanon, Russia, Guatemala, and other places around the world. Throughout this time, we have spoken of missions in the realm of *where* we were working. In 2011 and beyond, we will speak of Stonebriar missions in reference to *what* we are doing. We will evaluate existing and future projects based on our new theme, *Stand in Faith, Go in Love*.

The purpose of this guide is to help you understand how to get involved in Stonebriar Missions. We ask you to prayerfully consider how God may use you.

Throughout the year, all donations designated for *Missions* will directly support Stonebriar Missions projects. The total needed in 2011 is \$687,000. Your donation of any amount will assist us as we *Stand in Faith* and *Go in Love*.

Additional information on each of these projects, as well as upcoming missions events, is available online.

# stand in faith

Goal: \$321,000

In a world that has become increasingly hostile toward the things of God, Stonebriar Missions recognizes the need for Christians to *Stand in Faith* on the truth of His Word. We desire to unashamedly proclaim the Gospel of Jesus Christ and will not yield to the world's temptation to water down the Message. We support efforts to teach the Word of God and to plant doctrinally sound churches.

## — Church Planting —

Stonebriar supports new churches and pastors who are taking the Gospel to places where people do not yet worship Jesus Christ. Cost: \$136,000

## — Theological Education/Leadership Development/Ministry Training —

We support local seminaries and ministries that train pastors on how to correctly interpret and apply Scripture. Additionally, Stonebriar leads training sessions for pastors, church leaders, and women around the world. Cost: \$115,000

## — Insight for Living —

Stonebriar supports IFL's broadcasts of Chuck's messages to locations worldwide. Not only do these broadcasts help many believers-in-hiding connect with the Body of Christ, they also serve as the primary means of theological training for many pastors in remote areas of the world. Cost: \$50,000

## — Construction —

There are places in the world where it is vitally important for the Christian presence to be seen in a physical structure. In these locations, a church building is a symbol of stability and strength and provides a consistent location for new church plants. Cost: \$20,000

# go in love

Goal: \$224,000

There is a vast difference between knowing about something and actually experiencing it—especially in reference to the Gospel. The power of being loved, forgiven, and cared for is truly life changing. Stonebriar Missions will reach out *in love* to the abused, abandoned, marginalized, and discarded. We want them to be changed by the caring, loving touch of the Gospel message being lived out by those serving in our ministry. The Apostle Paul summed it up best in 1 Corinthians 9:22, "To the weak, I became weak . . . so that I may by all means save some."

## — Children's Ministries —

Hundreds of millions of children around the world live in desolate, unspeakable conditions. Stonebriar Missions seeks to reach out to those who can be called "the least of these." We support multiple orphanages and ministries that primarily reach out to children. Cost: \$142,000

## — Medical Ministry —

One of the most amazing models of missions is the care for the physical health of those who have little hope for relief apart from the faithfulness of those acting in the power of God's love. We are very thankful for the opportunity to partner with several organizations who literally serve as the hands and feet of Jesus. Cost: \$32,000

## — Microfinance —

A newer model to help those in need is to assist them in a business venture of their own. SCC partners with Opportunity International to provide micro loans to groups of women. The profits from these new businesses help provide meals, education, and a better life for participants' families. Cost: \$50,000
